Voluntary Recyclables for Drop-off at Recycling Centers

If you do all your recycling through your own waste hauler, you may not be aware that other recycling opportunities do exist. The five Saratoga County Recycling Centers will accept the following items: **Cardboard, Magazines, Catalogs, Junk Mail, Office Paper, Soft and Hard Cover Books, and Telephone Books.** To recycle these items, simply deliver them to the Saratoga County Recycling Center closest to you.

When You Recycle, It's Important To Do It Right!

Whether you are recycling through your local trash hauler, your Town Transfer Station, or by visiting one of the five County Recycling Centers listed in this brochure, *it is important to do it right.*

General Rules for Saratoga County Recycling Centers

- **Accepted** - Newspaper, magazines, junk mail, office paper, cardboard and books. All paper products should be dry and clean.
- **Accepted** - Glass bottles and jars. (Clear & Colored) Rinsed clean with the lids removed & discarded.
- **Accepted** - #1 thru #7 plastics

- **Accepted** - Tin, steel and aluminum cans. Should be rinsed free of residue with lids removed.
- **Accepted** - Large appliances such as stoves, refrigerators, washers and dryers. Should have all material removed from inside.

When in doubt, ask our attendant at the Center. Or call your trash hauler for recycling specifics.

Don't contaminate the Recycling Process!

The recycling process can be easily contaminated by throwing the wrong thing in the wrong container. The Recycling Program is actually a business providing raw material to manufacturers of new products. The manufacturers expect the material we deliver to be pure. When they reject our material, it is because of contamination.

Why does Saratoga County only recycle certain items?

While the rules are similar in every recycling program, the items collected may differ from County to County, or State to State. The material collected in each program is based on the availability of markets (places to bring the collected material). We would like to recycle everything, but economically and realistically, that's just not possible.

You are the reason our Recycling Program has been a success!

Our Saratoga County Recycling Program has successfully collected and marketed over 150,000 tons of material since its inception in 1988. The Saratoga County Board of Supervisors has allocated substantial resources in support of our program over this 15 year period because our residents want to preserve the environment for future generations by recycling. We thank you for your support and hope you continue participating in this very worthwhile program.
